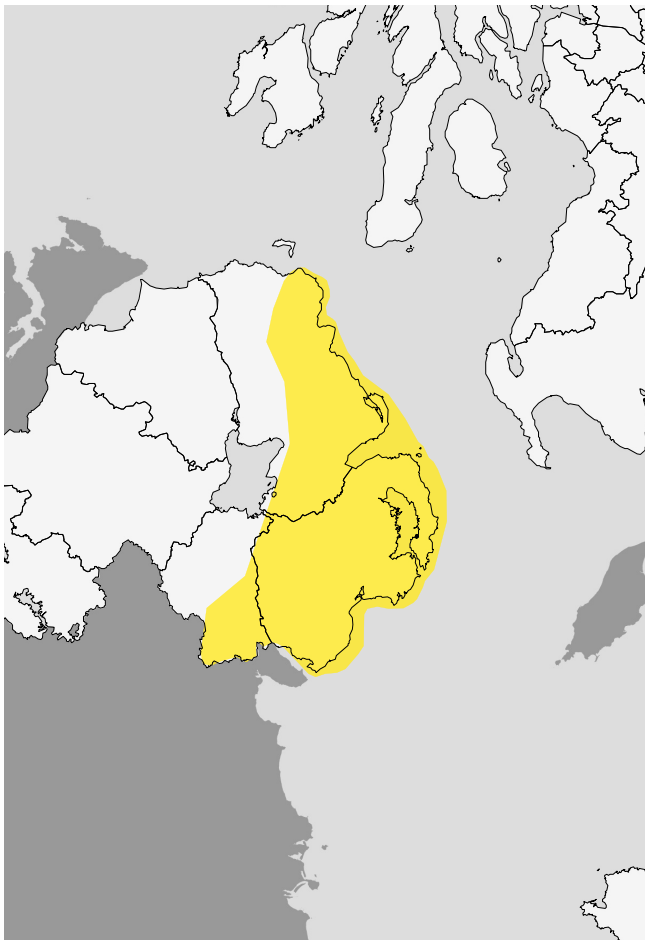
Yellow warning
Rain

Between
20:00 Wed 25 Sep 2024 and
12:00 Thu 26 Sep 2024



Heavy rain may lead to some flooding and transport disruption in places.

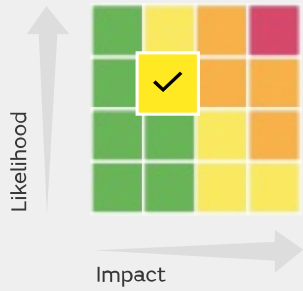
What to expect

- Spray and flooding on roads probably making journey times longer
- Bus and train services probably affected with journey times taking longer

Further details

Outbreaks of rain will become persistent and, at times, heavy on Wednesday evening, persisting through the night and perhaps much of Thursday morning. Eastern counties will see the largest rainfall amounts, especially across Co Down and Co Antrim, where 30 to 50 mm is likely quite widely, and perhaps as much as 60 to 80 mm across high ground such as the Mournes. Despite recent dry weather, this may lead to some flooding and transport disruption.

The rain is expected to slowly ease through the late morning period.



Medium likelihood of low impacts

Issued at 17:25 Wed 25 Sep, 2024

Further Details (continued)

What should I do?

Check if your property could be at risk of flooding. If so, consider preparing a flood plan and an emergency flood kit.

Give yourself the best chance of avoiding delays by checking road conditions if driving, or bus and train timetables, amending your travel plans if necessary.

People cope better with power cuts when they have prepared for them in advance. It's easy to do; consider gathering torches and batteries, a mobile phone power pack and other essential items.

Be prepared for weather warnings to change quickly: when a weather warning is issued, the Met Office recommends staying up to date with the weather forecast in your area.
